## Chinese Study

书房，可以说是中国人独特的精神性空间，古往今来寄托了无数文人士大夫的理想、情怀和风雅。我们以传统书房的空间陈设为鉴，提炼出「弈」、「砚」、「屏」、「窗」四个意象，带来极富当代审美的「中国书房」系列，于织毯之上重塑极简、朴素、内敛的雅士意趣。

The study could be said to be the unique spiritual space of the Chinese people, which has placed the ideals, feelings and elegance of literati and bureaucrats throughout the ages. Inspiring by the space furnishings of the traditional study, we bring the contemporary "Chinese Study" series with four images of "Chess", "Inkstone", "Screen" and "Window" in honor of simplicity and introversion of that time.

## The Relic

站在几个世纪前的建筑遗迹旁，我们捡落起墙壁浮现出颜色的印迹，亚得里亚海的浪，消失的永恒沉默的庞贝，还有人类失落的古文明。它们都充满了符号和秘密，历史在低吟不语。在湿壁画褪色的斑斓里，我们用归于风化后的颜色和装饰图案填满版图，层次和细节的震撼铺面而来，试图织毯“修复”那些遁去的历史遗迹。

# Kinooni Dialogues

东非拉穆岛上的“基诺尼宫”是一座建于18世纪的总督宅邸，设计师痴迷于古老宫殿的石灰石泥墙和建筑装饰细节，于织毯之上展开了一场与遥远大地的当代对话。他借鉴了非洲部落元素与色彩，以及传统的斯瓦希里设计和工艺，赋予了这一系列织毯全新形态和异域风情。

The Kinooni palace on Lamu island in East Africa was once a governor's residence which built in the 18th century. The designer is obsessed with the limestone mud walls and architectural decoration details of the ancient palace, and launched a contemporary dialogue with the distant land on the woven carpets. He inspired by African tribal elements and colors, as well as traditional Swahili design and technology, giving the rugs and tapestries a new form and exotic style.

设计师选取了时装大片中的“眼妆”元素，并融入了高定时装概念，表达他所观察到的不同“视角”。为了模拟出真实眼眸的层次，从瞳孔至眼帘被精细打造出一个复杂的三维立体结构，并结合孔雀毛、羽毛、水晶、珍珠、金属彩片、黄铜等材料，定格出 8 种神态的眼眸。而简笔勾勒的女郎身形，如 Art Deco 时期的时装画。

Bryce Cai believes that there are many people living as by-standers with cold eyes, since everyone has different values and criteria. He selected eye makeup elements in many fashion campaigns to symbolize "perspectives". A variety of novel materials are mixed and matched to form up eyes in Back Stage series, which consists of 3 works – single, three, and five persons, respectively. They are intended to demonstrate modern people's personalized needs, and encourage the young: “don't copy, just be yourself!”

## Let's Meat! Kimmik Bear

视觉艺术家叶子乐以德国柏林旅居的个人经历，创作了 Kimmik 可力乐熊系列。2020 年疫情席卷全球，也让他重新审视人际阻隔、文化疏离的现实，‘Let's Meat’ 小熊挂毯以谐音的文字游戏，隐喻渴求人际的“相遇”，解读他的“成人童话”。

Kim Ye created Kimmik Bear series based on his personal experience of living in Berlin. The epidemic swept the world in 2020, which also made him re-examine the reality of interpersonal barrier and cultural alienation. The "Let's Meat" Kimmik Bear tapestries use homophonic word games to metaphor the desire for interpersonal encounter and interpret his "Adult Fairy Tale".
